

NAME: Ai tool Respectly 

DATE: May 15, 2026 5:18 AM

DESCRIPTION OF TECHNOLOGY
 Een account krijgt een rood duimpje omlaag bij de profielfoto als de gebruiker vaak haatdragende reacties plaatst. Dit helpt andere om te herkennen of iemand structureel negatief is, waardoor opmerkingen minder persoonlijk worden opgevat.

HUMAN VALUES 

Gebruikers moeten goed begrijpen waarom ze gemarkeerd worden. Ze zouden eerst een melding moeten ontvangen met uitleg over de markering en hoe ze hun comment kunnen aanpassen, voordat de markering daadwerkelijk wordt toegepast.

TRANSPARENCY 

verbetering: een korte filmpje met uitleg over de AI-tool, zodat gebruikers weten waar ze aan toe zijn.

IMPACT ON SOCIETY 

verbetering op AI-tool minder focus op negatieve markering in plaats van alleen maar een 'rood duimpje' te geven. zou het goed zijn om gebruikers te stimuleren positieve interacties te hebben, Bijvoorbeeld door positieve reacties te markeren of te belonen.

STAKEHOLDERS 

verbetering: Samenwerking met experts zoals psychologen en privacy-experts, om negatieve gevolgen voor gebruikers te voorkomen.

SUSTAINABILITY 

Niet relevant, omdat ik hier geen kennis over heb

HATEFUL AND CRIMINAL ACTORS 

De technologie kan misbruikt worden door valse markering. Om dit te voorkomen zou de technologie beter moeten kunnen begrijpen of een reactie oprecht negatief is, door gebruik te maken van geavanceerdere AI. En een systeem voor handmatige controle, zodat misbruik gemeld kan worden.

DATA 

te complex

FUTURE 

Ik wil de AI-tool verbeteren door meer te focussen op het belonen van positieve reacties. Dit zou gebruikers moeten aanmoedigen om op een vriendelijke en respectvolle manier te reageren. Waardoor er minder haatcomments ontstaan en er een positievere sfeer online komt.

PRIVACY 

verbetering: gebruikers mogen zelf aangeven of ze akkoord gaan met de gegevens die de AI-tool bewaart.

INCLUSIVITY 

te complex

DESCRIPTION OF TECHNOLOGY
 Een account krijgt een rood duimpje omlaag bij de profielfoto als de gebruiker vaak haatdragende reacties plaatst. Dit helpt andere om te herkennen of iemand structureel negatief is, waardoor opmerkingen minder persoonlijk worden opgevat.

HUMAN VALUES 

Now that you have thought hard about the impact of your technology on human values, what improvements...

If you think about the impact of this technology on human values and needs. If you think about how this technology affects the identity of the user, the autonomy of the user (can the users make their own decisions?) and the health and well-being of the user. If you think about all that, what improvement would you (want to) make? In the technology?...

TRANSPARENCY 

Now that you have thought hard about the transparency of this technology, what improvements would you like t...

If you think about the communication on the way the technology works and the businessmodel. If you think about the explanation on automatic decisions that are made. If you think about complaint procedures and transparency on possible negative effects. If you think about all that, what would you (want to) improve? In the technology? In context?...

IMPACT ON SOCIETY 

Now that you have thought hard about the impact of this technology on society (by filling out the questions...

If you think about the real problem this technology is going to solve. If you think about the ability of this technology to solve the real problem. If you think about possible negative effects and whether this technology will contribute to a world you want to live in. If you think about all that, what improvements would you make? In technology? In context? In use?...

STAKEHOLDERS 

Now that you have thought hard about all stakeholders, what improvements would you like to make? List them...

If you think about all stakeholders of this technology. If you think about stakeholders that are less obvious. If you think about the way certain stakeholders are affected by this technology and if you want to take them into consideration. If you think about all that, what would you (want to) improve? In the technology? In context? In use?...

SUSTAINABILITY 

Now that you have thought hard about the sustainability of this technology, what improvements would you like t...

If you think about the direct and indirect energy use and the materials that are used in the technology. If you think about the lifespan of the technology and the hidden environmental impact of the technology. If you think about all that, what improvements would you (want to) make? In the technology? In context? In use?...

HATEFUL AND CRIMINAL ACTORS 

Now that you have thought hard about how bad actors can impact this technology, what improvements would...

If you think about this technology being used to break the law, or avoid the consequences of breaking the law, or to be used against certain groups, or to attack the truth or to pit certain groups against each other. If you think about all of that, what improvements would you (want to) make? In the technology? In context? In use?...

DATA 

Now that you have thought hard about the impact of data on this technology, what improvements would you...

If you think about the limitations of data. Things like subjectivity, incomplete datasets and so on. If you think about the way new insights are handled. If you think about the sustainability of the collection of data or the data that is collected from the users. If you think about all that, what would you (want to) improve? In the technology? In context?...

FUTURE 

Impact Improvement: Now that you have thought hard about the future impact of the technology, what...

If you think about an utopian and a dystopian scenario. If you think about the way this technology can change the world. If you think about the consequences of a different party buying your technology. If you think about all that, what would you (want to) improve? In the technology? In context? In use? ...

PRIVACY 

Now that you have thought hard about privacy and data protection, what improvements would you like to make?...

If you think about this technology invading someone's privacy or collecting personal data and if you think about the way this technology is compliant with prevailing law and mitigates dataprotection risks and concerns. If you think about all that, what improvements would you (want to) make? In the technology? In context? In use?...

INCLUSIVITY 

Now that you have thought hard about the inclusivity of the technology, what improvements would you like to...

If you think about accessibility to this technology. If you think about built in biases or automatic decisions that may be biased. If you think about who is benefitting from this technology and the diversity of the team that creates the technology. If you think about all that, what improvements would you (want to) make? In the technology? In context? In use?...
